Our Puppy Plan

Getting a new puppy is an exciting time, but we understand that it can also be confusing.

We'll give you lots of time to discuss your new addition with our vets and nurses, and would love you to join us for our **Puppy Parties**

Our health plan makes it easier for you keep them safe and well and includes:

- **Full puppy vaccination course**
- **Modern flea and worm control**, with a choice of products to suit you and your puppy
- **Full protection against lungworm**
- Nurse clinics, including nail clipping
- 20% discount on our veterinary diets, tailored to your animal
- 10% discount on neutering
- Microchipping, if needed.

All our puppies receive an included Adolescent Check at 6 months old.

Welcome to the Culverden Health Plan

Thank you for trusting us to look after your pets.

We've designed our health plan to make it **easier for you to give your animal the best preventative care,** and so the best quality of life. It spreads the cost of essential routine treatments and saves you money on the things you know your pet needs every year - vaccinations, health checks and effective parasite control.

We understand that animals are different and so **our health plan gives you a choice of parasite treatments to suit their lifestyle.** We send you helpful reminders, give you nurse clinics and generous discounts on neutering, dental care, food and other services.
Our health plan really is the easiest way to keep your pets healthy and happy all year round.
